

VETERAN-LED. SOFTWARE-FOCUSED.

Serving commercial organizations, government agencies and prime contractors.

COMPANY OVERVIEW

Mansa Global Services LLC develops B2B software and delivers custom applications, IT modernization, workflow automation and technical advisory. We build maintainable systems around operational requirements, with clear documentation and ongoing support.

CORE CAPABILITIES

Custom software & digital platforms

Full-stack applications, web platforms and portals tailored to business and mission workflows.

IT modernization & systems integration

Legacy process assessment, system integration, migration planning and knowledge transfer.

AI-enabled workflow automation

Document intake, routing and AI-assisted review with human oversight and approval checkpoints.

Data, analytics & business dashboards

KPI dashboards, data consolidation and operational reporting for clearer decisions.

Technical advisory & application support

Architecture reviews, cloud hosting, ongoing maintenance and accessibility-focused web solutions.

DIFFERENTIATORS

Veteran leadership. Accountability and disciplined follow-through.

Visible delivery. Iterative development, documented code and stakeholder review.

Practical engineering. Modernization, accessibility and support considered from the start.

REPRESENTATIVE EXPERIENCE

Business dashboard platforms; AI resume systems; WordPress and web development; workflow automation tools; IT modernization support.

Our software: Augural, an MGS-owned field-service operations platform. augural.io
