Mansa Global Services

CAPABILITY STATEMENT

Mansa Global Services LLC helps federal agencies and prime contractors reduce project risks and strengthen outcomes through compliance-focused IT systems design, program oversight, and subcontractor coordination. We align technical providers under a unified model that ensures projects are delivered on time, within scope, and in full alignment with federal requirements. Agencies and primes choose us because we simplify execution, enforce accountability, and provide scalable IT solutions that minimize delays and rework.

CORE COMPETENCIES

- Computer Systems Design & Integration – Supporting agencies with IT architecture, modernization, and digital infrastructure.
- Program Oversight & Coordination – Managing subcontractor delivery to ensure compliance, quality, and on-time performance.
- Digital Accessibility (508 Compliance) – Ensuring federal-facing systems meet accessibility standards.
- Cybersecurity Support – Promoting secure design practices and compliance with federal standards.

PAST PERFORMANCE

- Engaged in early teaming discussions with prime contractors on IT systems modernization and compliance-driven projects.
- Actively building a network of technical partners to support federal IT, cybersecurity, and accessibility requirements.
